

Agency against Racism!!!

In a survey, 15.8% of students reported experiencing race-based bullying or harassment. Research has found significant associations between racial bullying and negative mental and physical health.

What we are doing:

We are going to do demonstrations till the whole system is changed and we all have the same rights! If you are interested in joining us in your city then visit our website to know where we are going to demonstrate! Our campaign is trying to reach as many people as we can so we can raise much money for more and more demonstrations and to help other companies and people. Basically we are just organizing demonstrations for you so we can change something, so you do not necessarily have to pay to help us. To change something we are trying to raise 100.000\$ for demonstrations and the rest that you are donating is going to other companies, trying to fight racism.

Where the money is going to be spent:

The whole money you are spending is going to demonstration planning and other companies that are helping coloured people to get a better life.

How to help:

If you are interested then you can donate on our website. If you do not want to spend money then you can go on demonstrations, everyone is important! If you want to, you even can apply for a job on a station or you can help our project rise, if you give us a shoutout on Instagram, twitter, facebook!

There should be no thing like Racism!

RACISM!!!

Some would say it is gone. Is it really? No.

if you believe that racism is gone, then you are wrong. There are still thousands of people being killed because they are black

"i cant breathe!" - George Floyd 05/25/2020

Four police officers killed the unarmed man in front of a store.

AAR!

Agency Against Racism

If you want that to end, donate!
